Dear Homeowner,

Thank you for requesting an estimate from Allied Exteriors. Allied Exteriors is a licensed contractor for the State of Iowa (#C107322, Iowa Workforce Development, Division of Labor) and is fully insured (Pekin Insurance, \$1,000,000 in liability coverage and full Workman Compensation coverage for all employees). Below is a short list of what you can expect from my company.

- ✓ **A detailed and accurate estimate.** Each roof is measured to compile an exact list of materials needed. Our estimate will show you how much of each material is needed down to how many boxes of staples we will use to install felt paper and ice guard.
- ✓ **Competitive prices,** we do not have the overhead of bigger companies that spend thousands on advertising and then offer outlandish coupons on overpriced work (we are often hundreds, even thousands of dollars less than the competition depending on job size)
- ✓ **Prompt friendly service,** we operate mainly on a referral basis
- ✓ **A professional contractor** that takes the time to find the colors and styles that most accent your home and strives for your complete satisfaction
- ✓ **An efficient and detailed installation,** our emphasis is on quality
- ✓ **Professional employees**
- ✓ **A complete and thorough cleanup** upon job completion, including sweeping ground with large and small magnets to get any stray nails
- ✓ **Peace of mind,** we have been in business for over 16 years

Your home will not only be treated with great respect, it will be treated as if every job after depends on our doing our absolute best for you. Below are a few references for you to contact, if you need more please let me know. If you have any questions please call the office or my cell at your convenience. Thanks again and have a great day.

Sincerely,

Henry Schappert, Owner
